Customer Reviews

We needed a catalogue for pricing Avon collectibles. My mother in law who was an Avon lady for many years died and we auctioned off her estate. She had over 1200 collectibles and fortunately

one customer bought them all. I had created a spreadsheet. Using the catalog. Very helpful.

I have been able to locate several Avon items I have purchased over the years, but not all I wished to learn about were in this book. Still, I am satisfied with the purchase.

The book is OK... It didn't seem very well organized and I was not able to locate the things I am looking for very easily. If someone has a lot of time to go through it, it could be helpful to them.

I have been collecting Avon bottles for many years for resale. This book is very helpful and the pictures are outstanding. I would recommend that Avon collectors have a copy for themselves.

very impressed with seller. Book is thicker than other catalogs, pics black and white but works great for my purpose of cataloging

this book was very helpful to me in determining the value and also in determining what the different pieces are called.

Just received today, but is exactly as described, and a great reference book to boot.
