Customer Reviews

This a great book. After collecting Jelly Rolls for 3 years now and a few layer cakes I just hated to open them up.....They make such a statement on my shelves just by themselves.....If I am going to buy more this the time to do it. Just loved the quilt on the cover, because I love baskets.....I have started collecting and making basket quilts of all types. This is now on my list. Loved to be able to Look Inside your book before purchasing.....I tend to shy away from books that I can't look through because I have been very disappointed sometimes just looking at the cover. This was a real find. Thanks for so many great ideas and quick to make. Good for beginners with very well written instructions. Thanks for the speedy delivery and smooth transaction.

I just received this book and again Pam Nicky Lintott does not disappoint the avid quilter. After the first 3 books I could not believe there could be any more new and inspiration quilt patterns- especially for pre-cuts- but this book is full of fresh designs. As with their other books, the instructions are clear and there are pictures of 2 color ways or fabric choices to help a quilter increase their quilting options. Finally, and this is my favorite part of all, these Lintott books contain full pictures of the quilts enabling a quilter to really view the pattern, colors and values. Now, I am off to make the quilt pictured on the cover. I can not wait for it to be finished.

Thank goodness this arrived when my charm packs did as it made it so easy to pick out some simple, easy to sew patterns to get my quilting projects underway. The variety allowed for my niece, sister and mother to each choose different quilts using the charm colors they had picked - simple and easy, a real time saver in the pattern department.

I love the patterns and the color examples for variation ideas. Just what I needed to make use of all my pre-cuts. I don't understand negative feedback here. This is a delightful array of easy patterns, but with lots of depth in the finished quilts. I'm so happy I got the book, and will definitely use it....now!!

Had a container full of pre-cuts ~ used this book and made some fabulous quilts. Easy to understand instructions, beautiful pictures, great hints.

All the quilts in this book are inspirational - Hidden Treasure/Flower Sugar Tumblers/Tipsy Tumblers/Dancing Stars/Busy Lizzie/Hexagon Garden/Double 9 Patch/Twisted Braid - an absolute "must-by" - will treasure my copy - Thank-you!

This is my second book from lintott ,and I love them both. I have made many of these quilts, either the quilt or shortened version for table runner. Nice book for your collection...one that you will actually use ~%.

This is a great book with alot of really nice patters. I like almost all of the patterns and I'm picky!
