Plant Solutions For Every Garden

Synopsis

If you're looking for the right plant for a particular place or purpose, Plant Solutions is an invaluable resource. Whether you have a shady spot, alkaline soil, or a boggy area; you're looking for fall color, cut flowers, or ground cover; or need to consider pollution tolerance or allergies, the extensive plant suggestions in this thorough directory will help you make the right choices. Each entry has a photograph, a clear description including desirable varieties, a summary of cultivation requirements, planting ideas, and suggestions for companion plants. Cross references to other plants in the book enable gardeners to build up a palette of plants to suit their needs. Fully annotated illustrations of planting schemes and color-coded tabs for quick reference make for an inspirational and practical companion for gardeners and designers.

Customer Reviews

I like how this book is catagorized by types of plants. It has been very helpful in getting ideas on what to plant and where.
